## Duplicate Key Release Form

Your request for duplicate keys requires the clarification of our position regarding the Key Interlocking Systems.

Key Interlock systems operate in a predetermined sequence to protect equipment and safeguard personnel. Duplicate keys provides a means to defeat the protections of the system. Therefore we must have you acknowledge the potential hazards that may arise from the use of duplicate keys.

Prior to our supplying you replacement keys, we ask that you recognise and are aware of the risks involved in introducing duplicate keys into an interlock system, and agree to defend, indemnify and hold harmless Performance Innovations Ltd., its corporate affiliates, parents and subsidiaries from any claim, demand, suit, loss or damage or bodily injury by reason of any damage to property, including loss of use thereof, or injury, including death sustained to any person(s) arising from the use of a duplicate key to defeat the system.

Please indicate your agreement by signing the acknowledgment below and submitting with your purchase order.
